

Council Budget – 2019/20

Budget amendment 1 to the proposed 2019/20 General Fund Revenue Budget

Proposed by Councillor Woodley and Seconded by Councillors Gilbert and Mulroney

£'s

Budget Amendment

General Fund Revenue budget

Selective Licensing Team 150,000

To introduce a private rented landlord licensing scheme for the most challenging wards in the centre of town. This is to cover properties in those wards up to 1,500 and not exceeding 20% of the total borough's private rented landlord properties, as required by regulation. The proposed charge would be for a five year period with the charging structure averaging at £500 per property. The scheme must be self-financing/cost neutral as required by Government and the cost of the team would be set at £150,000 pa but would need to be reflective of the income to be raised to ensure it is a self-financing/cost neutral scheme.

Total of budget amendment 150,000

That the additional increase in expenditure of £150,000 be offset as follows;

New Funding Proposal

Selective Licensing Income (150,000)

Income to be generated by applying a charge of £500 for each property to cover a five year period.

Total of funding proposal (150,000)

Chief Finance Officer (S151 Officer) statement pursuant to Standing Order 10.1(e)

I can confirm that as the Council's S151 Officer, that the proposal would not produce an unbalanced or unsound budget and that I am still able to state that the overall budget proposed is still sufficiently robust but challenging for approval by the Council.

Budget Amendment

Capital Investment Programme

Commercial Property Investment 7,500,000

To fund and own the freehold to two health centre developments at Shoeburyness and a site to be identified in the west of the borough. Both schemes would be financed by borrowing including the financing costs during the build period and then to be financed by an equivalent lease arrangement to meet at least the ongoing financing costs of the borrowing. This means there will be no revenue impact until the build is complete and the lease is in operation. To allocate a total sum of £7.5m with £1.5m in 2019/20 and £6m in 2020/21.

Total of capital budget amendment 7,500,000

Chief Finance Officer (S151 Officer) statement pursuant to Standing Order 10.1(e)

I can confirm that as the Council's S151 Officer, that the proposal would not produce an unbalanced or unsound budget and that I am still able to state that the overall budget proposed is still sufficiently robust but challenging for approval by the Council.

Budget Amendment

General Fund Revenue budget

Community Safety Team 100,000

To increase the capacity in the new Community safety team by a temporary increase of a further three officers for one year. This is to provide additional support at the weekend and evening for the Town Centre.

Parking Permits 25,000

To undertake a feasibility study to examine the impact of income and costs on the Council's budget of introducing a borough wide permit scheme for residents. This would be a set annual permit cost to allow seven day parking in Council car parks for a nominal set amount and for a set amount of hours per day. For Blue Badge holders the permit would be free of charge.

Housing Revenue Account capital budget

Solar Panels 150,000

To ensure Council housing can benefit from the very latest energy efficiency measures – and for tenants to benefit from the increased warmth and fuel savings which such measures can bring – to agree to undertake a full assessment of the options available to provide energy efficiency measures for Council housing stock. This should include such things as solar panels, air source heat pumps and ground source heat pumps.

Making a provision for £150,000 in 2019/20 in the housing capital programme to carry out a comprehensive analysis would enable South Essex Homes to obtain the relevant specialist information and advice which could produce a plan and programme of works over the next few years to upgrade as many of our properties as possible with the latest innovative energy efficiency measures.

Not only would our own assets be improved but, vitally, our tenants would receive the benefit of warmer homes at much lower cost, we would be actively reducing the Council's carbon footprint could potentially even create an income from surplus electricity being fed back into the national grid.

Total of budget amendment

275,000

That the additional increase in expenditure of £275,000 be offset as follows;
